

The Keencut Evolution-E2 is an integrated wide format cutting system designed to revolutionise the speed, accuracy and convenience of the finishing process.

Intended to fit any bench, the all new Evolution-E2 shares the same outstanding 1:15000 straightness accuracy guarantee of the first generation Evolution and the world renowned Javelin & Javelin-Series 2 cutter bar. The unique four piece cutter slideway and torsion bar extrusion combines with the full length base plate to create a cutting machine that will meet the challenges of the most demanding operator and enhance valuable artwork.

The integral lift & hold mechanism, operable from either end, ensures consistent straightness even under flex, while the swing-over and under-bench stowaway facility provides maximum working convenience and space efficiency. The built-in textile cutting track and textile cutting attachment (included) add the final refinements to the most versatile, accurate and simple to use wide format cutting system ever.

**0.2MM GUARANTEED ACCURACY** That's 1:15000 Guaranteed Cutting Straightness! **IDEAL FOR POP-UPS!**

Swingover under bench stowaway facility provides maximum working convenience and space efficiency

Double cutting head accepts two blade holders at one time. Ideal for 2-way cutting and versatility

Reversible Graphik blades make the Evolution-E2 ideal for left-handed and right-handed operators

Equipped with all new quick-fit blade holders so tools interchange quickly for maximum productivity

Multiple integral full length grip cords hold work safe and sure while cutting

Total dust free operation - safe to use near printers and plotters

Blade locking thumb screw adds safety & convenience

The new 45mm diameter rotary wheel improves performance & longevity

## Additional Product Info

- ▶ Includes three unique Blade Holders to cut a wide variety of materials
- ▶ Full length Lift & Hold from either end for easy loading and positioning
- ▶ Super grade anodising for lifetime good looks and function
- ▶ Switchable cutting tracks for general purpose and textile cutting
- ▶ Integral extruded alloy cutting base adjustable for flatness and straightness
- ▶ Unique 4-section extrusion maintains close straightness even under flex
- ▶ Fully equipped and ready to work with blades included
- ▶ Mounts to most bench surfaces via a series of brackets designed to optimise alignment & clamping
- ▶ Will cut materials as diverse as flag, banner, card, corrugated plastics, PVC Foamboard, foamcore and more.....

## Product Sizes & Codes

- ▶ EV2160 160CM - 64"
- ▶ EV2210 210CM - 84"
- ▶ EV2260 260CM - 104"
- ▶ EV2310 310CM - 124"
- ▶ EV2360 360CM - 144"

**ALL KEENCUT PRODUCTS ARE FULLY GUARANTEED FOR 5 YEARS**

100% Manufactured by Keencut Technicians in Corby, England.  
99.998% of source materials are made in the UK and EU
