

**The SEAL 65 EL is a high quality, affordably priced wide format cold roll laminator designed for new users to confidently create professionally finished graphics. Built for ease of use, it is ideal for mounting and laminating pressure sensitive graphics up to 1650 mm wide. Its durable uniframe construction requires no assembly and minimal maintenance.**

Whatever the experience level of the operator, the SEAL 65 EL is easy to use and will deliver high performance jobs for the small to medium sized user. With simplified controls and easy material loading, featuring our unique auto-grip supply shafts, and flip-up in-feed table for fast webbing, it provides the means to efficiently finish inkjet prints.

Manufactured and backed by the most dependable manufacturer in the industry, the 65 EL is perfect for the sign shop who wants to expand their range of applications to include wide format finishing. With its CE certification, owners can have peace of mind in the safety and reliability of this machine.

The SEAL 65 EL is ideal for producing a wide variety of applications:

Rigid Indoor Displays

Flexible Indoor Displays

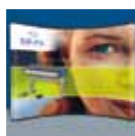

Floor Graphics

Backlit Displays

Pop-Up Displays

Rigid Outdoor Displays

**The SEAL 65 EL provides the following features:**

#### Optimum performance
